THE FOREFRONT OF CLEANING AND HYGIENE TECHNOLOGY

LOG REDUCTION SYSTEM EXPLAINED

If there are one million bacteria in a Petri dish, a product which has a 3 log reduction would only kill 999,000 of the bacteria. This leaves 1,000 bacteria. DuoMax has a 6 log reduction against bacteria which means it kills 99.9999% bacteria. So from those initial one million bacteria, DuoMax kills 999,999 bacteria.

99.99% Isn't looking so great now....

WHY WOULD YOUR CUSTOMER USE ANYTHING ELSE?

- 600ML HAND SANITISER **PRODUCT CODE: 52783**
- FLOOR AND CARPET CLEANER **PRODUCT CODE: 98999**
- SITR GENERAL PURPOSE CLEANER DISINFECTANT **PRODUCT CODE: 51580**
