Powerful heavy duty degreaser, highly effective in fryers and kitchen appliances. 5L / 750ml trigger

### ORANGE POWER:

Versatile and economical cleaner and degreaser 5L / 750ml trigger

### DEEPIO:

Degreasing powder 6kg & 800ml trigger

## RED RATIONAL CLEANING TABLETS

For all Rational Self-CookingCenter and CombiMaster. Plus, models with automatic cleaning. High performance cleaning.

## BLUE RATIONAL RINSE TABLETS

For use on Rational iCombi Pro, iCombi Classic and SelfCookingCentre combination ovens with Efficient CareControl. Actively protecting against limescale deposits in the cooking cabinet and steam generator. Provides operational reliability without a water softener and time-consuming descaling of the oven.

## BLUE RATIONAL CARE TABLETS

For use on Rational iCombi Pro, iCombi Classic and SelfCookingCentre combination ovens with Efficient CareControl. Protecting against limescale deposits in the cooking cabinet and steam generator. Provides operational reliability without a water softener and time-consuming descaling of the oven.

## RATIONAL GREEN CLEANER TABLETS

Keeps both the cooking system and the environment clean. With its new formula it is phosphate and phosphorous-free and reduces the quality of cleaner by up to 50%, without compromising on cleaning power and hygiene. For iCombi Pro and iCombi Classic.

## OUR COMMITMENT TO SUSTAINABILITY

At Dispos, we're taking meaningful steps to make our business more sustainable and responsible. One of the biggest changes we've made is sourcing more products from UK-based suppliers. By shortening our supply chain, we're helping to significantly reduce our carbon footprint while supporting local businesses.

We've also expanded our range of eco-friendly products, including packaging made from recycled materials, recycled plastics and looked at products that are cruelty free and not tested on animals.

Sustainability isn't just about what we sell — it's also about who we work with. That's why we've partnered with suppliers who share our values, including those who recycle all their Wrapmaster dispensers and replace them free of charge, ensuring that nothing goes to waste. One of our chemical suppliers are Planet Mark certified and have been for 4 years so far, they have been recognised for their continuous improvement towards reducing their carbon footprint as a business.

Innovation is also at the heart of our approach. Our glove supplier has invested heavily in research and development, working to pioneer a UK-made disposable glove that meets the standards to be fully home-compostable. Every change we make, big or small, brings us closer to our goal of a more sustainable future. At Dispos, we're committed to helping our customers make choices that are better for people, businesses, and the planet.

## DISPOSABLE GLOVES

Our single-use gloves used for hygiene and protection purposes. They are ideal for use in environments such as food preparation, healthcare, beauty, medical, and cleanroom, as they offer increase protection from contamination.

We offer a wide variety:

\* **POWDERED**

\* **POWDERED FREE.**

IN **BLUE, BLACK, WHITE & (PINK IN NITRILE ONLY)**

\* **NITRILE** Disposable gloves are made of synthetic rubber and are known for their superior resistance to tears, punctures, solvents and chemicals and are therefore an ideal option where high levels of strength, puncture resistance and durability are required.

\* **LATEX** Are disposable gloves are manufactured from natural rubber latex. They provide superior levels of performance, protection and comfort, whilst being particularly robust and durable. We offer various options in latex disposable gloves; including powder free and powdered options.

\* **VINYL** Gloves are a type of synthetic disposable glove, made from PVC. Vinyl is less elastic than nitrile and latex, however they are a popular lower-cost option versus their nitrile or latex counterparts. They offer protection against contamination and are commonly used in food preparation, beauty and hair industries and for general household tasks.

## GAUNTLET GLOVES EXTRA LONG

Black.

## HOUSEHOLD WASHING UP GLOVES

Available in

\* **SMALL**

\* **MEDIUM**

\* **LARGE**

\* **EXTRA LARGE**

## POLYTHENE GLOVES.

Blue Smooth Polythene Disposable minimal risk gloves are packed in a poly bag for easy dispensing. These gloves are latex free, reducing the risk of hypersensitivity and allergic reactions. Smooth, flexible material is designed to enhance both feel and fit, ensuring reduced fatigue even during extended wear.
